PACIFIC MAIL LINE PLANS TO ABANDON

Director Wood Writes That Ships Will Not Call Here After October 1

HAWAII WILL BE HIT RIGHT BETWEEN EYES

Freight, Passenger and Mail Service Bound To Suffer From Withdrawal

Pacific Mail Steamship Company goes secure a large attendance of the out of business on October 1. Word younger alumni in particular, Henry to that effect was received here yester. Judd, the president of the association, day in a latter from H. P. Wood, di. has chosen a representative from each rector of the Hawaii Promotion Committee in San Francisco.

'In regard to Pacific Mail matters.' writes Mr. Wood, "I called this morning, May 28, on Mr. Fry, assistant to R. P. Schwerin, general manager, in some of these sponsors as to the num-reference to the sailings across the ber interviewed and expected at the R. P. Schwerin, general manager, in

'air, Fry had nothing to give out concerning the meeting of the directors which was scheduled to have been held in New York City May 26, but was emphatic in his statement that the schedafter October 1.

even were it physically possible dred and odd union labor men necestary to take the place of their present the coming celebration will be touched Matters Made Worse

No Confirmation Here

No confirmation of Mr. Wood's letter

The schedule of March 20; to which Mr. Wood refers, does not, in so many words, announce that "all their beats flying the American flag are scheduled not to fouch at Honolulu after October 1. 'It puts an asterisk opposite all Bonolule sailings after the date named.

Mr Klebaha would not venture yes terday to interpret the asterisks, "The company must do that," he said.
Usuady an asterisk so used is to be

interpreted "subject to change or can

Should Mr. Wood's information correct. Hawaii will be hit in both eyes and the pit of the romach at the same time Freight, passenger traffic and the mail service all will suffer. Ships Come Down Light

The Matson steamships come down from the Coast light. They probably could handle any added freight that offers from the West, but all cargoes to and from the Orient would be thrown into the hamis of the Town Kisen Kaisha, which airendy has all the businers it can handle.

Travel from the East and Midd'e West to the Pacific Coast in the next two months is going to be the heaviest the railroads ever have known, but the outlook for Hawaii receiving the share of it expected is not bright.

"Roon ding rai way maters," writes Mr. Wood to the promotion committee. Service Cut In Two in another letter received yesterday, "I hed a talk this marning (May 28) Mr. Fee of the Southern Pacific, Mr. Gregory of the Santa Fe-and representatives of lines running from Chicago The are unanimous in the statement that the business offered them for July and August is going to tax their retrees to the limit.

was float they do not hesitate to ing to be possible to secure the necessary number of Pullman cars to accomdate the tremendous crowd that is coming, which, they say, will be the largest that has ever travelled westward within a given time. This includes all Hastore and Middle West business.

"What "er entage of this we are coins to be able to induce to visit Hawaii it is difficult to say. The

PUNAHOU ALUMNI SOON TO GATHER

Annual Meeting This Year Will Take Form of Supper On Campus

Plans for the annual meeting of the 'unahou Alumni Association are now being perfected by the officers of the association. The gathering this year will take the form of a supper to be served on the lawn in front of Castle Hall on the campus, beginning at six-thirty o'clock on Friday evening, June 18th. The supper committee consists of Mrs. J. L. McLean (chairman), Mrs. Charlotte Ewing and Miss Ruth Ander-son. A very attractive menu has been prepared, and a large number of the dumni and former students of l'unabou are expected to be present. Instead of soliciting the food for the supper, as on former occasions, the plan is So far as Honolulu is concerned, the year to charge fifty cents apiece to cov-l'acide Mail Steamship Company goes er the cost of the supper. OPENINGS PLUGGE

Neilsen and Drellishak Close Submarine Against Sand and Marine Life

NEW COMMANDER COMES ON TRANSPORT MONDAY

Lieutenant Crittenden Will Relieve Smith-Enlisted Men of Maryland Dance

(From Wednesday's Advertiser) Divers Drellishak and Neilsen fin shed putting a small mat on the hole in the F4 yesterday, and, until the six steel postoons have been completed, there will be no more work of any kind. That may be as long as two months. In the meantime, the submarine lies in forty-eight feet of water, with the larger openings in the bull closed against marine life and sand by mats

and plugs put in by the divers. She is buoyed fore and aft. Yesterday's work was necessitated by a large mat, put on inst week, being too small to cover the opening completely. No orders for the eruiser Maryland's tore the bandages off the wounded so sailing have been received, but her offi-that they would bleed to death; pierced cers continue to expect them. About cer; their eyes, cut off their tongues, 900 tons of coal will be taken in her bunkers tomerrow, and she will be ready to sail Friday if orders come. stances the atrocities took on the very Couling will not be done before tomor row because the ship is desired in tip top shape for the reamen's ball to hight, which will be the big event for the enlisted men. The officers and war rant officers already have entertained Several hundred are expected to atten-

ball, as the men say. Lieut, Kirby B. Crittenden is expect Francisco, to succeed Lieut, Charles E. Smith as flotilla commander. Lieuten ant Smith's sea duty has been up set remained to direct the salvage overa tions, Lieutenant Crittenden will keep command of the flotilla at least unti the four K-class boats come next mon h and, unless a senior officer comes or them, will remain in command. Licu tenant-Commander Briggs may come with them, and, if he does, he would take command of the seven boats. No definite advices as to this have been received. Lieutenant Crittenden will take

the F-1, Lieutenant Smith's boat. Although word was received several months ago that the flotilla would have

to go when the new ones arrive The plan for sending the K boats here calls for them to come under their own power. This will be a severe test of the Diesel engines, and minor breakdowns on the 2100-mile voyage from San Fran cisco are regarded as inevitable. Maryland and the Colorado, if there two cruisers escort the boats, as expered, will be equipped with towing genr so they can take the submarines if no cessary. It is expected that the subthan nine knots, at, the most, but this Apeliilii, a young Hawaiian woman, will not make the voyage much longer, belonging to Puna, Hawaii, was held as the cruisers could not tow them at a much greater speed. Crossing the P. A verdict was rendered to the effect sailor's ability to resist seasickness, for that deceased came to her death from he meets shakings up in the sailor. he meets shakings up in the small craft that he never would meet in boats of average tonnage.

There was a smoker on board the in terned German cruiser Geier last nigh with plenty of things to smoke and Captain Rashoff and officers of drink. John J. Cook, Joseph Risey, Alex G. the gunboat entertained officers from Nicholas. Manuel Ornellas and George the Maryland and the submarine flo tilla. The German officers have been guests of the Maryland officers. Due to the small size of the Geier and her bin ited accommodations, all the officers could not be included in the list of in

vitations. Divers Neilsen, Criffy and Drellishak will return to the Coast on the Marv land when she sails. Their divin r gear is ready to load on the Marvhant soon as the cruiser has been coaled. The recompression chamber has been taken from the pavy barge on which it was placed directly after the Marvian leame on April 12, eight weeks ago hast Mon

Second Phase Is Over Yesterday's work ended the second However, all hope for the men had been abandoned March 28, when an old an chor, thought to be the F 4, was brought to the surface. The second phase began with the completion of the year but toons and the arrival of the Marvian ! which brought deep sea divers who could get to the submarine. Throu h delays and vexations, such as the break ing of lines, work was kept up and the submarine raised from 306 feet of water to forty-eight, until, on May 28, the benyy lines parted under a strong sur! and, after examination by the divers it was decided to construct six steel

pontoons. TRAVELERS ARE EASY FOR LEHIGH COLLEGE
